Norton Corrosion Limited is a full service Cathodic Protection firm specializing in engineering, systems installation and anti-corrosion materials. Contact us for more information.

Applications:

Electric Power Industry

Main Condenser Water Boxes
Traveling Screens and Trash Racks
Heat Exchanger Condenser Water Boxes
Sheet Piling
Yard Piping
Piers, Docks & Wharves
Intake & Outfall Pipelines
Reinforced Concrete Structures
Storage Tanks

Marine

Piers, Docks & Wharves
Sheet Piling
Ships & Hulls
Ballast Tanks

Petrochemical

Storage Tanks
Process Vessels
Pipelines
Heater Treaters
Offshore Platforms and Pipelines
Piers, Docks & Wharves
Sheet Piling
Well Casings

Agriculture

Irrigation Systems
Pipelines
Storage Tanks

Military Bases and Plants

Fuel Hydrants
Fuel Piping
Ballast Water Tanks
Piers, Pilings, Wharves
Sheet Pile Walls
Storage Tanks
Water Systems

Process Industries

Aboveground Storage Tanks
Pressure & Treatment Vessels
Heat Exchangers
Natural Gas Lines
Pasteurizers
Waste and Sewage Lift Stations
Waste and Sewage Treatment Facilities

Pulp & Paper

Digesters & Aerators
Pulp Rollers
Clarifiers
Flocculators
Traveling Screens
Trash Racks
Wastewater Treatment Plants

Civil and Municipal

Storage Tanks
Digesters & Aerators
Pipelines
Intake & Outfall Pipelines
Sewage Lift Stations
Clarifiers
Flocculators
Miter Gates, Dams, Locks
Traveling Screens
Sheet Piling
Well Casings
Wastewater Treatment Plants
Bridges
Bridge Decks

Aviation Fuel Systems

Airport Fuel Hydrants
Fuel Tanks and Distribution Pipelines
Above Ground Storage Tanks

Manufacturing Facilities

Aboveground Storage Tanks
Boiler Tubes
Pressure & Treatment Vessels
Heat Exchangers
Natural Gas Lines
Pasteurizers
Water Storage Tanks
Waste and Sewage Lift Stations
Waste and Sewage Treatment Facilities

Transportation and Transit Systems

Bridges
Bridge Decks
Prestressed Concrete Structure
Reinforced Concrete Structures
Light Rail Systems

Telecommunication Systems

Cell Towers
Sub-Sea Cables
Storage Tanks

Chemical Plants and Facilities

Storage Tanks
Pipelines

Structural

Piping Systems – Internal and External
Reinforced Concrete Structures
Bridge Decks
Guy Anchors
Prestressed Concrete Structure
Foundation Piling
Piers, Docks & Wharves
Sheet Piling
Swimming Pools
Retaining Walls
Boilers
Tunnels.
Elevator Lifts
